Excellence in every Weave

The modern Indian woman is confident, empowered and deeply connected to her cultural heritage. Our understanding of the evolving tastes and preferences of new age Indian women enable us to confidently design and deliver timeless sarees – ensuring excellence in every weave.

For more than a decade, we have experimented with innovative drapes, intricate embellishments and contemporary designs that epitomise the perfect blend of classic craftsmanship and modern sensibilities. We believe in infusing a fresh perspective to every saree we design, embracing colours, textures, materials which make sarees not just a style statement but an expression of individuality.

Catering to the diverse lifestyle of today's women, we realise how Indian women are effortlessly transitioning from a professional to a personal set up and navigating the demands of a fast-paced life. It is this understanding that beholds the secret to our success.

Moreover, we have relied on our expertise to further expand and diversify our portfolio to include clothing lines for men and children, Indo-Western, ethnic, casual and party wear. It has improved the affordability and accessibility of our product range, making

Sai Silks

a coveted brand for customers from varied demographic groups. As we evolve, our focus is gradually shifting to improving customer experience and enhancing operational excellence through digital integration.

Looking ahead, we remain committed to redefine the future of ethnic fashion in India.

About Us

A tale of unrelenting excellence

Since our inception in 2005, we have relentlessly established our presence as a leading retailer of ethnic apparel, particularly sarees, in South India. With over 18 years of industry experience, we have consistently revamped our business strategies, enabled market transformation, without compromising on quality. We promote India's vibrant culture, traditions and heritage through our diverse offerings including ultra-premium and premium sarees, lehengas and ethnic wear for men and children.

Our extensive portfolio caters to the diverse needs of our valued patrons, enabling us to deliver a unique shopping experience for people from all segments of society. Over the years, we have designed a successful business by leveraging our core strengths of a strong sourcing strategy, tech-enabled operational ecosystem and a dedicated workforce.

Our Journey

Managing Director's message

From preserving the rich heritage of Indian sarees to carefully curating a fashionable collection of ethnic wear for men, women and children, we have continuously reiterated our focus on delivering value for money. With uncompromising emphasis on quality, we have broadened our portfolio to include ultra-premium as well as value fashion offerings.

Dear Stakeholders,

For over 18 years, we have been a part of every Indian celebration. Our exquisite range of sarees and ethnic collections have met the expectations of every family member. From preserving the rich heritage of Indian sarees to carefully curating a fashionable collection of ethnic wear for men, women and children, we have continuously reiterated our focus on delivering value for money. With uncompromising emphasis on quality, we have broadened our portfolio to include ultra-premium as well as value fashion offerings. It has not only earned us the trust and loyalty of numerous clients but has also strengthened our position as a leading ethnic apparel retailer in South India.

Through our distinct store formats—Kalamandir, VaraMahalakshmi Silks, Mandir and KLM Fashion Mall—we have successfully catered to various customer segments. With collections ranging from premium ethnic fashion to value-fashion, we have carefully designed a product portfolio that delivers products across various price points. At present, we operate 54 stores in India, located in prime locations, to serve customers better. With an emphasis on improving customer experience, we have developed tastefully designed retail spaces where every customer is treated with a one-of-a-kind shopping experience.

In fiscal 2023, our stellar financial performance has been a reflection of our strong growth trajectory. Our revenue from operations surged from

At Sai Silk, we believe in the profound responsibility we hold towards the communities we serve, and our Corporate Social Responsibility (CSR) initiatives embody this ethos with utmost sincerity. We have established the Kalamandir Foundation, our charitable arm focused on empowering communities.

Rs 11,293.23 million to Rs 13,514.69 million, a significant increase of 19.67%. The EBITDA for the last fiscal year stood at Rs 2,125.31 million, from Rs 1330.48 million in FY2022. Our PAT also increased from Rs 576.87 million in FY2022 to Rs 975.88 million in FY 2023

The Indian apparel industry is undergoing a digital revolution, with sales of women's ethnic wear surging from 12% in the pre-pandemic period to 18% today, through e-commerce platforms. Recognising this shift, we have made significant investments in our IT infrastructure and improved our digital capabilities to deliver a seamless omnichannel experience to our customers.

Our websites and social media platforms are constantly updated to showcase our extensive product range through digital catalogues. We have also developed virtual chatbots to make the purchasing process simple and seamless. We are also implementing a loyalty programme

'Smile Rewards', for the patrons of KLM Mall, using a new CRM system. This programme is designed to reward shoppers with points for every purchase. It can be redeemed for attractive discounts, thereby aiming to improve customer satisfaction.

We understand the importance of data-driven decision making. To streamline operations across all departments, we have implemented an ERP system and integrating AI-powered tools to gather insights. Additionally, we rely on robust cybersecurity measures to protect customer data. Our IT policies help to preserve and protect sensitive customer data by enforcing strict IP-based access protocols.

At Sai Silk, we believe in the profound responsibility we hold towards the communities we serve, and our Corporate Social Responsibility (CSR) initiatives embody this ethos with utmost sincerity. We have established the Kalamandir Foundation, our

charitable arm focused on empowering communities. In the noble pursuit of nurturing future generations, we have prioritised initiatives for children's education for this Financial year. Besides, we undertake several projects to ensure access to quality healthcare and improve sanitation facilities within communities.

As we move forward, we see significant growth opportunities in the Indian apparel market, particularly the saree and ethnic wear segment. We are strategically positioned to leverage our brand value and our emphasis on customer satisfaction to explore new areas of growth and development.

Along with deepening our presence in South India, we are exploring new markets with better potential. This expansion is expected to be complemented with continued investments in our digital infrastructure and e-commerce platforms, to deliver seamless customer experiences across all touchpoints.

As I conclude, I want to thank our incredible people, our loyal customers and our supportive shareholders. You are all part of the Sai Silks family, and your contribution to our growth story makes us who we are.

Regards,

Nagakanaka Durga Prasad Chalavadi

Our Brands

Our consumers can purchase ethnic brands through any of our three store formats, Kalamandir, VaraMahalakshmi Silks and Mandir or through our website and other e-commerce platforms. Our value-fashion range is available at KLM Fashion Mall as well as our online store. Following a cluster-based business model, we strategically place our stores in high-traffic locations, across cities, to take advantage of more customer footfall.

Kalamandir

Our Kalamandir format is promoted as the 'Symbol of the South' because of its product offerings, affordability and brand equity. Established in 2005, it has a huge collection of premium sarees including Tusser, Silk, Kota, Kora, Khadi, Georgette, Cotton and Matka.

These sarees are renowned for its intricate weave, a reflection of the hard work and dedication of our expert weavers, artisans and designers. It makes every piece a treasure trove of aesthetic beauty, finesse and elegant design. Our retail stores are also designed to capture the essence of a luxury brand like Kalamandir- offering customers unmatched service and convenience.

Brand Management

Crafting a distinct presence

Our comprehensive marketing and branding strategy has enabled us to create a distinct presence in the market. At SSKL, we prioritise customer satisfaction. We are aware of our consumers' needs and thereby, utilise digital platforms to regularly engage with them, share knowledge about latest trends and contribute towards the creation of a fashion forward brand that is aligned to customer preferences.

Targeted Marketing Campaigns and Branding Initiatives

Our targeted marketing campaigns across online and offline channels have improved brand visibility. Through strategic initiatives, we successfully entered new markets and demographics, leading to an expansion of our customer base. Our innovative strategies, in the form of social media contests, live streaming of events and user-generated content campaigns, have significantly enhanced customer engagement and improved brand loyalty. Our branding initiatives have positively impacted customer perspectives and helped to create brand recall.

Engagement-Centric Marketing and Feedback Mechanism

We follow an engagement-centric marketing strategy, prioritising activities that resonate our brand value to the masses. We strive to actively involve customers in our brand narrative to improve brand recall. Our offline engagement sessions during Dusshera and Christmas, through brand-specific

invoices featuring QR codes for feedback, have further enhanced customer experiences. Through tele-callers and survey-based interactions, we gain deeper insights into our customer's expectations, facilitating continuous improvement from our end.

Our Future Outlook

We aim to strengthen our online visibility and develop strong content marketing strategies. To bolster our marketing campaigns and drive overall return on investment we collaborate with fashion influencers, celebrities and prominent personalities who play an active role in fortifying our brand value.

Supply Chain

Crafting a distinct presence

In a dynamic market, it is imperative to meet customer demands and maintain a seamless supply chain. To fulfil this objective, we ensure quick and efficient product delivery to each store. We also collaborate with our suppliers to establish inventory maintenance standards, develop safety stocks and explore localisation options to effectively meet customer requirements.

We manage our inventory, logistics and supply chain for all our channels from our four warehouses located in Karnataka, Andhra Pradesh, Telangana and Tamil Nadu. These warehouses are spread across a combined area of approximately 164,000 square feet. Additionally, we have a designated storage space at one of our stores in Chennai, Tamil Nadu.

Collaboration with Artisans and Weavers

Our products are sourced from 4,832 master weavers, artisans and vendors from across India. We maintain honesty and transparency in all our operations. We encourage fair compensation and direct trade relationships, prioritising sustainability and ethical sourcing policies. Regular assessment of suppliers ensure compliance with sustainability standards.

Weaver's Community Network

Quality Assurance and Quality Control

Our commitment to maintaining high-quality standards throughout our supply chain is maintained through the implementation of quality control procedures; these include regular inspections, quality audits and continuous tracking of product quality. Led by our purchase team, we enforce these standards diligently, ensuring compliance with specific quality, regulatory and statutory requirements. Our efforts showcase a dedicated focus on upholding excellence in our sourcing and distribution operations, with a strong emphasis on training.

Vendor Negotiation and Pricing Trends

We arrive at fair prices for all products sourced from vendors based on market pricing trends. Our commitment to procure large volumes of products and abide by long-term contracts ensures cost-effectiveness. We collaborate with diverse artisans and weavers to retain the freshness of our designs. Besides, our transparent pricing structure guarantee fair compensation for their work.

Efficiency and Optimisation of Supply Chain

Forecasting forward sales and sharing demand forecasts with suppliers help to optimise our inventory and reduce lead times. With the incorporation of advanced technology, our predictive data analysis and technology-driven strategies have improved our efficiency, reduced our costs and augmented our position in the market.

Digitalisation

Embracing the power of new-age technology

India's apparel manufacturers have accelerated the process of digital adoption due to financial as well as operational requirements. The increasing percentage of e-commerce in overall organised women's Indian wear sales serves as a visual representation of this transformation.

The share of e-commerce in women's Indian wear business operations was 12% prior to the pandemic, but it has increased to 18% since then.

During the fiscal year, we have made substantial investments in our IT infrastructure and digital capabilities to augment our position and deliver an omnichannel experience to our customers.

Enhancing Consumer Experience with Technology

We regularly update our websites and social media platforms to offer unique features that improve consumer engagement with our brands and products. Our consumers can browse our digital catalogues, showcasing our wide range of products. Our websites provide various tools to assist our customers, including a virtual chat box, a virtual trial room and a search feature for browsing our saree collection. Additionally, we are introducing our loyalty program, Smile Rewards, for patrons of KLM Mall through a new CRM software system. This programme will allow patrons to earn points for every purchase and it can be redeemed for shopping vouchers.

Standardisation of processes

We have implemented an ERP solution to standardise processes, support management and streamline operations across finance, sales, stores, purchase, inventory and payroll. Furthermore, we are integrating AI into the ERP system to deliver precise store-level insights.

Ensuring Cyber Security

It is important to have a robust cyber security system to maintain customer trust. With the incorporation of strong IT policies, all our core software is equipped with user IP-based access mapping. This ensures access from specific static addresses at our offices, warehouses and retail locations. We have password protected access logs and enabled automatic session timeouts to ensure data security.

Robust IT Capabilities

We prioritise new technology and tools to improve business practices and customer interaction. Strengthening our IT capabilities is a key focus to ensure high operational productivity. We have implemented new technological initiatives across our operations and utilise data analytics to increase sales and expand our business.

Instilling Technology into the Design Process

The design process involves in-depth analysis and research of current fashion trends, consumer tastes and preferences. We gather this information through various systematic processes, including data analysis, market surveys, feedback from our artisans and vendors and interactions between our sales associates and customers.

Corporate Social Responsibility

Contributing towards a better future

We strive to enhance contributions towards a sustainable future by disseminating knowledge and public awareness of environmental, natural and social causes. While we commenced operations of our CSR projects from 2010, we have been involved in numerous initiatives that address societal concerns. We planted the seeds of our CSR journey in 2009 when we generously supplied food, clothing and other necessities to flood affected people in Kurnool district.

EXPLANATORY STATEMENT

(Under Section 102 of the Companies Act, 2013)

Item No.3

The Board of Directors and subsequently the members, in their Annual General Meeting, had appointed Ms. Sirisha Chintapalli (DIN: 08407008) as an Independent Director of the Company, to hold office upto 11th April, 2024, ("first term").

The Nomination and Remuneration Committee of the Board of Directors, (the "NR Committee") on the basis of the report of performance evaluation, has recommended re-appointment of Ms. Sirisha Chintapalli as an Independent Director, for a second term of 5 (five) consecutive years, on the Board of the Company. The Board, based on the performance evaluation and as per the recommendation of the NR Committee, considers that, given her professional background and experience, the continued association of Ms. Sirisha Chintapalli would be beneficial to the Company and it is desirable to continue to avail her services as an Independent Director.

Accordingly, it is proposed to re-appoint Ms. Sirisha Chintapalli as an Independent Director of the Company, not liable to retire by rotation, for a second term of 5 (five) consecutive years on the Board of the Company.

Ms. Sirisha Chintapalli is not disqualified from being appointed as a director in terms of Section 164 of the Companies Act, 2013 ("the Act"), and has given her consent to act as a Director. The Company has also received declaration from Ms. Sirisha Chintapalli that she meets the criteria of independence as prescribed, both, under Section 149(6) of

the Act and under the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations"). In the opinion of the Board, Ms. Sirisha Chintapalli fulfils the conditions for appointment as an Independent Director as specified in the Act and the SEBI Listing Regulations. Ms. Sirisha Chintapalli is independent of the management. Details of Ms. Sirisha Chintapalli are provided in the "Annexure" to the Notice, pursuant to the provisions of (i) SEBI Listing Regulations and (ii) Secretarial Standard on General Meetings ("SS-2"), issued by the Institute of Company Secretaries of India. She shall be paid remuneration by way of fee for attending meetings of the Board or Committees thereof and reimbursement of expenses for participating in the Board and other meetings. Copy of draft letter of appointment of Ms. Sirisha Chintapalli setting out the terms and conditions of appointment is available electronically for inspection by the Members.

Ms. Sirisha Chintapalli is interested in the resolution set out at Item No. 3 of the Notice with regard to her reappointment. Neither Ms. Sirisha Chintapalli nor any of her relatives hold any shares in the Company. Save and except the above, none of the other Directors / Key Managerial Personnel of the Company / their relatives is, in any way, concerned or interested, financially or otherwise, in the resolution.

The Board commends the Special Resolution set out at Item No.3 of the Notice for approval by the Members.

VIGIL MECHANISM / WHISTLE BLOWER POLICY

Scope and purpose:

The purpose of **Vigil Mechanism / Whistle Blower Policy** is to define the Company's policy on reporting irregularities and for submitting complaints regarding questionable accounting, internal accounting controls and auditing practices, to provide employees with procedures on reporting such irregularities and complaints, including confidential reporting, and to establish procedures for the receipt, retention and remedying of such irregularities and complaints.

This policy applies to all employees of the Company.

Roles and Responsibilities

Role	Responsibility
Audit Committee	Review, Investigate and Determine Course of Action
Nodal Officer	Review and Advise
Any Employee	Report irregularities and accounting complaints

How & Where to Report

You must report all suspected violations to (i) your immediate supervisor; (ii) the nodal officer, i.e., the Chairman of Audit Committee; at or (iii) anonymously, by sending an email to: secretarial@s skl.co.in

If you have reason to believe that your immediate supervisor or the Company Secretary is involved in the suspected violation, your report may be made to the Chairman of the Audit Committee at the registered office of the Company.

Because you have several means of reporting, you need never report to someone you believe may be involved in the suspected violation or from whom you would fear retaliation.

Post reporting Investigation

All reports under this Policy will be promptly and appropriately investigated, and all information disclosed during the course of the investigation will remain confidential, except as necessary to conduct the investigation and take any remedial action, in accordance with

applicable law. Everyone working for or with the Company has a duty to cooperate in the investigation of reports of violations. Failure to cooperate in an investigation, or deliberately providing false information during an investigation, can be the basis for disciplinary action, including termination of employment. If, at the conclusion of its investigation, the Company determines that a violation has occurred, the Company will take effective remedial action commensurate with the nature of the offense. This action may include disciplinary action against the accused party, up to and including termination. Reasonable and necessary steps will also be taken to prevent any further violations of Company policy.

Zero - Retaliation policy

No one may take any adverse action against any employee for complaining about, reporting, or participating or assisting in the investigation of, a reasonably suspected violation of any law, this Policy, or the Company's Code of Conduct and Ethics. The Company takes reports of such retaliation seriously. Incidents of retaliation against any employee reporting a violation or participating in the investigation of a reasonably suspected violation will result in appropriate disciplinary action against anyone responsible, including possible termination of employment. Those working for or with the Company who engage in retaliation against reporting employees may also be subject to civil, criminal and administrative penalties.

Modification

The Audit Committee or the Board of Directors of your Company can modify this Policy unilaterally at any time without notice. Modification may be necessary, among other reasons, to maintain compliance with national, state or local regulations and / or accommodate organizational changes within the Company.

Please sign the acknowledgment form below and return it to the Company Secretary. This will let the Company know that you have received the Policy and are aware of the Company's commitment to a work environment free of retaliation for reporting violations of any Company policies or any applicable laws.

b. Opportunities, Strengths and Threats

Opportunities & Strengths

- In-house product design ability that allows us to be category creators and provide differentiated product offerings in the market. This also allows us to broaden the addressable market opportunity
- Wide assortment of products category (specific and sub-category) catering to both daily wear and occasion wear purposes
- Multi-channel presence with a skew towards exclusive brand outlets and own website e-commerce that allows us an integrated route to market while offering multiple touch points to their consumers. This also enables them to activate and build an omni channel play
- Dedicated manufacturers / suppliers base for integrated supply chain that work with the brand and using standardized processes
- Strong EBO presence creates brand loyalty amongst consumers through engagement and loyalty programs
- Focus on EBO channel leads to higher brand visibility and efficient operations
- Acts as shopping destination for specific categories like sarees

Threats

Our business is currently highly concentrated on a single product, i.e., women's sarees. Our sales of women's sarees are dependent

on a number of factors, and may decline as a result of increased competition, pricing pressures or fluctuations in the demand for or supply of our products and other factors outside our control. In particular, our business is characterized by rapidly-changing customer preferences. Our results of operations are dependent on our ability to attract customers by anticipating and responding to such changes in customer preferences, and modify our existing products in line with changes in customer demands and preferences. The number of customers demanding women's ethnic wear may not continue to increase. Further, for our premium and ultra-premium sarees, our continued increase in sales is dependent on the demand for such products.

If we are unable to anticipate and gauge customer preferences, or if we are unable to adapt to such changes in a timely basis or at all, we may lose or fail to attract customers, our inventory may become obsolete and we may be subject to pricing pressure to sell our inventory at a discount. A decline in demand for our products or a misjudgment on our part regarding the nature of designs in demand could lead to increased market acceptance of our competitors' products or may result in the substitution of our products in the market, which could lead to us having lower sales and excess inventories, which may necessitate us to sell this excess inventory at cost price / lower than cost price. This may render us unable to support new growth platforms and cause a decline in our revenues and profits, which would adversely affect our business, results of operations, financial condition and cash flows.

The success of any store depends in part on its location. We aim to make our products available in stores opened in strategic locations and in high-density cluster areas.

We cannot assure you that current locations of stores operated by us will continue to be attractive or profitable as demographic patterns change, or as leases are renewed/extended on terms less favorable to us. Neighborhood or economic conditions where our stores are located could decline in the future, thus resulting in reduced sales in those locations. Alternatively, neighborhoods could continue to improve and escalate real estate prices, which may not be proportionate to the sales we are able to carry out. In the event real estate prices increase or if we are unable to renew lease agreements for our existing stores on terms favorable to us, such store locations may not be profitable for our business, and we may be compelled to reassess the feasibility of such stores.

c. Segment-wise or product-wise performance.

The Company is primarily engaged in the business of retail trade through our retail stores, which in the terms of Ind AS 108 on 'Operating Segments', constitutes a single reporting business segment.

There are no material individual markets outside India and hence the same is not disclosed for geographical segments for the segment revenues or results or assets. During the year ended 31 March 2023, 31 March 2022, 2021 and 2020 the revenue from transactions with a single external customer did not amount to 10 percent or more of the Company's revenues from the external customers.

d. Outlook

The global economy is expected to grow 2.8% in 2023, influenced by the ongoing Russia-Ukraine conflict. Concurrently, global inflation is projected to fall marginally to 7%. Despite these challenges, there are positive elements within the global economic landscape. The largest economies like China, the US, the European Union, India, Japan, the UK and South Korea are not in a recession. Approximately 70% of the global economy demonstrates resilience, with no major financial distress observed in large emerging economies

e. Risks and concerns.

The success of our business depends upon our ability to anticipate and forecast customer demand and trends. Any error in our forecast could result in either surplus stock, which we may not be able to sell in a timely manner, or at all, or under stocking, which could affect our ability to meet customer demand. An optimal level of inventory is important to our business as it allows us to respond to customer demand effectively and to maintain a full range of products at our stores. We plan our inventory and estimate our sales based on the forecast, demand and requirements for the forthcoming seasons. We have inventory stored at our warehouses ahead of an upcoming season.

Our business is manpower intensive and the success of our business depends on maintaining high standards of customer service in our stores. This is dependent on our ability to attract, hire,

train, and retain skilled personnel particularly for sales functions, monitor them continuously on key service parameters and guide them regularly.

We procure our products from third party vendors and master weavers/weavers. We have ongoing arrangements with third party vendors, weavers and master weavers, located across various states and cities. We may be unable to replace our existing third party vendors, weavers or master weavers at short notice, or at all, and may face delays in supplies.

Typically, we do not enter into long term formal agreements with our vendors and prices for products procured by us are normally based on non-exclusive purchase orders. Fluctuations in the price, availability and quality of the fabrics or other raw materials used in our manufactured apparel, could have a material adverse effect on the price at which we purchase these products. The prices of fabrics depend largely on the market prices of the raw materials used to produce them. The price and availability of the raw materials and, in turn, the fabrics used in our products may fluctuate significantly, depending on many factors. Though the price of the raw materials that are purchased by the third parties to manufacture products that we sell are included in the purchase orders that we enter into, there can be no assurance that we will always be successful in our efforts to protect our business from the volatility of the market price of raw materials, and our business can be affected by dramatic movements in prices of raw materials.

f. Internal financial control systems.

The Company has laid down internal financial controls through entity level controls inter-alia to ensure orderly and efficient conduct of business, including adherence to Company's policies and procedures, accuracy and completeness of accounting records and timely preparation and reporting of reliable financial statements/information, safe guarding of assets, prevention and detection of frauds and errors.

The evaluation of these internal financial controls was done through the internal audit process, established within the Company and also through appointing professional firm to carry out such tests by way of systematic internal audit program. Based on the review of the reported evaluations, the directors confirm that, for the preparation of financial accounts for the year ended March 31, 2023 the applicable Accounting Standards have been followed and the internal financial controls are generally found to be adequate and were operating effectively and that no material weakness were noticed.

g. Discussion on financial performance with respect to operational performance

Our company has successfully reported another year of good performance amidst volatile industry trends. For the FY ended 31st March, 2023, our Company reported an operating turnover of ₹1351.47 Crores when compared to ₹ 1129.32 Crores for the FY 2021-22. Thus, registering a growth of 20 % (approx) year on year basis. The Profit Before Tax (PBT) for the FY 2022-23 at ₹ 133.57 Crores was a notable increase over the PBT for the FY 2021-22, which stood at ₹ 77.29 Crores. The said growth in terms of topline as well as bottom line has encouraged your management and

the employees, that will go a long way in helping them achieve better landmarks in the coming years. After adjusting for taxes and deferred taxes, the PAT stood at ₹97.59 Crores for the FY 2022-23 as against ₹ 57.69 Crores for the FY 2021-22

h. Material developments in Human Resources / Industrial Relations front, including number of people employed.

Human Resources are the backbone of our organisation. The Company, operating in retail apparel, relies heavily on good and trained staff. Simultaneously, we need to keep a check on attrition rate in view of cut throat competition in our sector. We undertake

various employee development and training programmes. There are no trade unions in the Company.

As on 31st March, 2023, the Company had 4,955 number of employees.

i. details of significant changes

In accordance with SEBI (Listing Obligations and Disclosure Requirements) (Amendment) Regulations 2018, the Company is required to provide details of significant changes (a change of 25% or more as compared to the previous financial year) in key financial ratios, along with detailed explanations thereof. The key financial ratios are given below:

S.No	Key financial ratios	2021-22	2022-23	Difference
1	Debtors Turnover	544.48	565.89	3.93 %
2	Inventory Turnover	2.68	2.32	-13.45 %
3	Debt Service Coverage	3.29	3.74	13.50 %
4	Current Ratio	1.38	1.41	2.20 %
5	Debt Equity Ratio	0.87	0.87	0.36 %
6	Operating Profit Margin (%)	9.05	12.69	40.20 %
7	Net Profit Margin (%)	5.11	7.22	41.36 %

DIVIDEND DISTRIBUTION POLICY

INTRODUCTION

The Securities Exchange Board of India (SEBI) on May 5th, 2021 has notified the SEBI (Listing Obligations and Disclosure Requirements) (Second Amendment) Regulations, 2021 (Regulations). Vide these Regulations, SEBI has inserted Regulation 43A after Regulation 43 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, which requires top One Thousand listed companies (based on market capitalization of every financial year) to formulate a Dividend Distribution Policy, which shall be disclosed in its Annual Report and on its website.

Regulation 43A of the Listing Regulations makes it mandatory for the top One Thousand listed companies based on their market capitalization calculated as on March 31 of every financial year to formulate Dividend Distribution Policy.

Sai Silks (Kalamandir) Limited (the "Company") has formulated Dividend Distribution Policy on Voluntary Basis, the Company has approved and adopted this Dividend Distribution Policy (the "Policy") at its Board meeting held on 04th June 2022, being the effective date of the Policy.

OBJECTIVE

Dividend is the payment made by a Company to its shareholders, usually in the form of distribution of its profits. The profits earned by the Company can either be retained in business or used for acquisitions, expansion, modernisation or diversification, or it can be distributed to the shareholders. The Company may choose to retain a part of its profits and distribute the balance among its shareholders as dividend. This Policy aims to reconcile between all these needs.

The objective of this policy is to ensure a regular dividend income for the shareholders and long term capital appreciation for all stakeholders of the Company. The Company would ensure to strike the right balance between the quantum of dividend paid and amount of profits retained in the business for various purposes.

The Board of Directors will refer to the policy while declaring/recommending dividends on behalf of the Company. Through this policy, the Company would endeavour to maintain a consistent approach to dividend pay-out plans.

DEFINITIONS

The terms referred to in the policy will have the same meaning as defined under the Act and the Rules made thereunder, and the SEBI Regulations.

PARAMETERS/FACTORS TO BE CONSIDERED BEFORE DECLARING DIVIDEND

The dividend pay-out decision of the Board depends upon the following financial parameters and internal and external factors:

1. FINANCIAL PARAMETERS AND INTERNAL FACTORS:

The financial parameters and internal factors which would be considered while declaration of dividend by the Board are as follows:

- i) Operating cash flow of the Company
- ii) Profit earned during the year
- iii) Profit available for distribution
- iv) Earnings Per Share (EPS)
- v) Working capital requirements
- vi) Capital expenditure requirements
- vii) Business expansion and growth
- viii) Likelihood of crystalization of contingent liabilities, if any
- ix) Additional investment in subsidiaries and associates of the company
- x) Up gradation of technology and infrastructure
- xi) Creation of contingency fund
- xii) Acquisition of brands and business
- xiii) Cost of Borrowing
- xiv) Past dividend payout ratio / trends

2. EXTERNAL FACTORS

Certain external factors may impact the dividend payout for any financial year of the Company. Some of the external factors are hereunder:

- i) Economic Environment
- ii) Dividend payout ratios across Industries.
- iii) Statutory provisions and guidelines
- iv) Capital Markets
- v) Inflation rate
- vi) Industry outlook for future years
- vii) Taxation

PARAMETERS THAT SHALL BE ADOPTED WITH REGARD TO VARIOUS CLASSES OF SHARES

The Company presently has only 1 (one) class of shares, i.e. Equity Shares. Hence, the parameters which are required to be adopted for various classes of shares do not apply to the Company. This Policy is subject to review and the Board shall consider and specify the other parameters to be adopted with respect to such class(es) of shares.

CIRCUMSTANCES UNDER WHICH SHAREHOLDERS MAY OR MAY NOT EXPECT DIVIDEND

The shareholders of the Company may not expect dividend in the following circumstances, subject to the discretion of the Board:

- i. In the event of a growth opportunity where the Company may be required to allocate a significant amount of capital.
- ii. In the event of higher working capital requirements for business operations or otherwise.
- iii. When Company's liquidity is jeopardized for any reason, impairing its ability to pay the dividend.
- iv. In the event of loss or inadequacy of profits.

The Board of Directors of the Company may not declare or recommend dividend for a particular period if it is of the view that it would be prudent to conserve capital for the then ongoing or planned business expansion or other factors which may be considered by the Board.

The Company will take a decision on the dividend distribution keeping all external and internal factors in view and duly adopting a judicious balance between directly rewarding the shareholders through dividend declaration on one hand and increasing shareholder's wealth in future through appropriate retention of projects and its realisation for sustainable growth, on the other.

HOW THE RETAINED EARNINGS WILL BE UTILISED

The Company shall endeavour to utilise the retained earnings in a manner which shall be beneficial to the interests of the Company and also its shareholders.

The retained earnings of the Company may be used in any of the following ways:

- i. Capital expenditure for working capital;
- ii. Organic and/or inorganic growth;
- iii. Investment in new business(es) and/or additional investment in existing business(es);
- iv. Declaration of dividend;
- v. Capitalization;
- vi. Buy back of shares;
- vii. General corporate purposes, including contingencies;
- viii. Such other criteria's as the Board may deem fit from time to time; or
- ix. Any other usage as permitted under applicable laws / regulations.

CONFLICT IN POLICY

In the event of a conflict between this policy and the statutory provisions, the statutory provisions shall prevail.

MODIFICATION OF THE POLICY

The Board is authorised to change or amend this policy from time to time at its sole discretion and/or in pursuance of any amendments made in the Act, the Regulations, or any other applicable law.

The modifications, if any, made to the policy shall be disclosed on the website and in the Annual Report.

DISCLOSURES

The Company shall make appropriate disclosures as required under the Listing Regulations and the Companies Act, 2013.

The Policy shall be disclosed in the Company's Annual Report and on the website (<https://sskl.co.in/>) of the Company.

In case, the Company proposes to declare dividend on the basis of the parameters in addition to those as specified in this Policy and/or proposes to change any of the parameters, the Company shall disclose such changes along with the rationale in its Annual Report and on its website.

REVIEW OF POLICY:

The Policy may be amended, as and when deemed fit. The Board of Directors shall have the right to modify, amend or change any or all clauses of this Policy in accordance with the provisions of the Applicable laws/ Acts /Regulations or otherwise.

In case of any amendment(s), clarification(s), circular(s) etc. issued under any Applicable laws/ Regulations, which is not consistent with any of the provisions of this Policy, then such amendment(s), clarification(s), circular(s) etc. shall prevail upon the provisions hereunder and this Policy shall be deemed to be amended accordingly from the effective date as laid down under such amendment(s), clarification(s), circular(s) etc.

AMENDMENTS TO THE POLICY

Any change in the Policy shall be approved by the Board of Directors of the Company. The Board of Directors shall have the right to withdraw and/or amend any part of this Policy or the entire Policy, at any time, as it deems fit, or from time to time, and the decision of the Board in this respect shall be final and binding.

In case of any amendment(s), clarification(s), circular(s) etc., issued by the relevant authorities, not being consistent with the provisions laid down under this Policy, then such amendments, clarification(s), circular(s) etc., shall prevail upon the provisions hereunder and this Policy shall stand amended accordingly from the effective date as laid down under such amendment(s), clarification(s), circular(s) etc.

DISCLAIMER

This policy shall not be construed as a solicitation for investments in the Company's securities and shall neither act as an assurance of guaranteed returns (in any form), on investments in the Company's securities.

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **Sai Silks (Kalamandir) Limited** (hereinafter referred to as "the Company"), which comprise the Standalone Balance Sheet as at **March 31, 2023**, the Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Standalone Statement of Changes in Equity and the Standalone Cash flow statement for the year then ended, and notes to the Standalone financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as the "standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, and its profit, other comprehensive loss, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Sl. No	Key Audit Matter	How our audit addressed the key audit matter
1	<p>Inventories valuation and existence:</p> <p>(Refer Note 2(o) and 8 to the standalone financial statements)</p> <p>The Company has Inventories of Rs. 6897.48 Millions as at March 31, 2023 as detailed in Notes 8 to the standalone financial statements. Inventories valuation and existence has been determined to be a key audit matter as inventories may be held for long periods of time before being sold making it vulnerable to obsolescence. This could result in an overstatement of the value of the inventories if the cost is higher than the net realisable value. Furthermore, the assessment and application of inventories provisions are subject to significant management judgment.</p>	<p>Our procedures included, but was not limited to the following:</p> <ul style="list-style-type: none"> Obtained a detailed understanding and evaluated the design and implementation of controls that the Company has established in relation to inventory valuation and existence. Observed the physical verification of inventories count at the financial year end and assessed the adequacy of controls over the existence of inventories. Obtained assurance over the appropriateness of management's assumptions applied in calculating the gross profit margin and discounts to be deducted from sales price to arrive at cost of goods. Evaluated management judgment with regards to the application of provisions to the inventories. <p>Our Conclusion:</p> <p>Based on the above procedures, we did not identify any significant deviation to the assessment made by management in respect of inventories valuation and existence.</p>

Emphasis of Matter

We draw your attention to the followings forming part of the financial statements without modifying our opinion in respect of:

- i. Note No: 37(a)(6), regarding Search and seizure of operations in the premises was conducted in May 2023, by income tax department under section 132 of Income Tax Act, 1961. Information and documents submitted to income tax department as per information called from time to time. Scrutiny proceedings are in progress and as on date neither income tax demand determined nor levied consequent to such operations.
- ii. Note no. 38 of Notes forming part of accounts for the period ended 31st March 2023 which describes balance of trade receivables payables are subject to confirmation/reconciliation and consequential adjustment, if any.

Our opinion is not modified in respect of these matters.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance Report, and Shareholder Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act, with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Indian Accounting Standards (Ind-AS) prescribed under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting

policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on

the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication

Report on Other Legal and Regulatory Requirements

“Annexure – A” to The Independent Auditors’ Report

(Referred to in paragraph 1(g) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of Sai Silks (Kalamandir) Limited of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of Sai Silks (Kalamandir) Limited (“the Company”) as of March 31st, 2023 in conjunction with our audit of the standalone financial statements of the company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act

Auditors’ Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under section 143 (10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Significant Accounting Policies

Note 1: Corporate information

M/s Sai Silks (Kalamandir) Limited ("The Company") is incorporated under the Companies Act, 1956 in Hyderabad on 03-Jul-2008 having the CIN U52190TG2008PLC059968. The Company is engaged in the business of buying and selling of textile and textile articles as a Retailer in the name and style of "Kalamandir", "Varamahalakshmi", "Mandir" and "KLM Fashions" in the state of Telangana, Andhra Pradesh, Karnataka and Tamil Nadu.

Note 2: Summary of significant accounting policies

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

(a) Basis for preparation

The Standalone financial statements presented herein reflect the company's result of operations, assets and liabilities, statement of changes in equity and cash flows as at and for the year ended Mar 31, 2023.

The Standalone financial statements of the company have been prepared in accordance with recognition and measurement principles laid down in Indian Accounting Standards (Ind AS), prescribed under Section 133 of the Companies Act, 2013 (the "Act") read with relevant rules issued thereunder and other accounting principles generally accepted in India. The accounting policies followed in the preparation of the Standalone financial statements are consistent with those followed in the preparation of Financial statements as at and for the year ended March 31, 2022.

(b) Statement of Compliance

These financial statement of the Company have been prepared in accordance with Indian Accounting Standard (Ind AS) under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, the provisions of the Companies Act, 2013 ('the Act') (to the extent notified). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter.

(c) Use of estimates and judgement

The preparation of financial statement in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amount of assets and liabilities, revenues and expenses and disclosure of contingent liabilities. Such estimates and assumptions are based on management's evaluation of relevant facts and circumstances as on the date of financial statement. The actual outcome may diverge from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects

only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

(i) Useful lives of property, plant and equipment:

The Company reviews the useful life of property, plant and equipment at the end of each reporting period. This re-assessment may result in change in depreciation expense in future periods.

(ii) Fair value of financial assets and liabilities and investments:

The Company measures certain financial assets and liabilities on fair value basis at each balance sheet date or at the time they are assessed for impairment. Fair value measurement that are based on significant unobservable inputs (Level 3) requires estimates of operating margin, discount rate, future growth rate, terminal values, etc. based on management's best estimate about future developments.

(iii) Provisions and contingent liabilities :

Provisions: A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of time value of money is material).
Contingent liabilities: Contingent liabilities are not recognised but are disclosed in notes to accounts.

(d) Functional and presentation currency

Items included in the financial statement of the Company are measured using the currency of the primary economic environment in which the Company operates (i.e. the "functional currency"). The financial statement are presented in Indian Rupee, the national currency of India, which is the functional currency of the Company.

(e) Revenue Recognition

a) Sale of goods: Revenue from the sale of goods is recognized at the point in time when control over the goods sold is transferred to the customer. Revenue is measured based on the transaction price, which is the consideration, net of discounts, variable considerations, other similar charges, as specified in the contract with the customer. Additionally, revenue excludes taxes collected from customers, which are subsequently remitted to governmental authorities.

Significant Accounting Policies

- b) Interest income:** Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset of that asset's net carrying amount on initial recognition.
- c) Service Income:** Service income is recognized on rendering of services based on the agreements / arrangements with the concerned parties.
- (f) Leases**
- The Company's lease asset classes consist of leases for buildings. The Company, at the inception of a contract, assesses whether the contract is a lease or not lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a time in exchange for a consideration. This policy has been applied to contracts existing and entered into on or after April 1, 2019 (standard effective date). The Company recognises a right-of-use asset and a lease liability at the later of lease commencement date or April 01, 2019. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received. The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term. The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the Company's incremental borrowing rate. It is premeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if the Company changes its assessment of whether it will exercise a purchase, extension or termination option. When the lease liability is premeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero. The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Company recognises the lease payments associated with these leases as an expense over the lease term.
- (g) Foreign currencies**
- Transactions in currencies other than the entity's functional currency (foreign currencies) are recognized at the rates of exchange prevailing at the date of the transaction. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated. Exchange differences on monetary items are recognised in the statement of profit and loss in the period in which they arise except for exchange differences on transactions designated as fair value hedge, if any.
- (h) Borrowing costs**
- Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale are added to the cost of those assets, until such time the assets are substantially ready for their intended use or sale. All other borrowing costs are recognised in profit or loss in the period in which they are incurred.
- (i) Employee benefits**
- Leave Encashment:** Compensatory absence which accrue to the employees which are expected to be availed or encashed within twelve months after the end of the period in which the employees render the related service are short-term in nature. These compensatory absences require measurement on an actual basis and not on actuarial basis.
- Defined contribution plan:** The company makes defined contribution to Provident Fund and Employee State Insurance which are recognized in the statement of Profit and Loss on accrual basis.
- Defined benefit plan:** The company's liability towards gratuity is determined on the basis of year end actuarial valuations applying the Projected Unit Credit Method done by an independent actuary as on the Balance sheet date. Actuarial losses and gains are recognized in Other Comprehensive Income (OCI) and are not reclassified to the statement of profit and loss in any subsequent periods. Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognized immediately in the statement of profit and loss as past service costs.
- (j) Taxation**
- Income tax expense represents the sum of the tax currently payable and deferred tax.
- a) Current tax:** Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the applicable tax rates and the provisions of the Income Tax Act, 1961.
- b) Minimum Alternate Tax (MAT):** paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is highly probable that future economic benefit associated with it will flow to the Company.

Significant Accounting Policies

c) Deferred tax: Deferred tax is recognized using the balance sheet approach. Deferred tax assets and liabilities are recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statement and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be utilised. Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

(k) Property, Plant and Equipment

Land and buildings held for use in the production or supply of goods or services, or for administrative purposes, are stated at cost less accumulated depreciation and accumulated impairment losses. Freehold land is carried at historical cost.

Property, plant and equipment are carried at cost less accumulated depreciation and impairment losses, if any. The cost of property, plant and equipment comprises its purchase price/ acquisition cost, net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses and interest on borrowings attributable to acquisition of qualifying property, plant and equipment up to the date the asset is ready for its intended use. Subsequent expenditure on property, plant and equipment after its purchase / completion is capitalised only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance.

Depreciation on Property, plant and equipment (other than freehold land) has been provided on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013, except in the case of fixtures at stores, has been provided based on the lease period of the respective premises. The estimated useful life of the tangible assets and the useful life are reviewed at the end of the each financial year and the depreciation period is revised to reflect the changed pattern, if any. An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from continued use of the asset. Any gain or loss arising on the disposal

or retirement of an item of property, plant and equipment is determined as the difference between the sale proceeds and the carrying amount of the asset and is recognised in the statement of profit and loss. Any leasehold improvements is depreciated over the lease term.

(l) Investment Property

Investment properties are properties held to earn rentals and/or for capital appreciation (including property under construction for such purposes). Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are measured in accordance with Ind AS 16's requirements for cost model. An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on derecognition of the property (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in profit or loss in the period in which the property is derecognised. The depreciation on Property, plant and equipment (other than freehold land) has been provided on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013.

(m) Intangible assets

Intangible assets are stated at cost less accumulated amortisation and impairment. Intangible assets are amortised over their respective estimated useful lives on a straight line basis, from the date that they are available for use. The estimated useful life of an identifiable intangible asset is based on a number of factors including the effects of obsolescence, demand, competition and other economic factors (such as the stability of the industry and known technological advances) and the level of maintenance expenditures required to obtain the expected future cash flows from the asset. Estimated useful lives of the intangible assets is 6 years which contains Software. The estimated useful life of the intangible assets and the amortisation period are reviewed at the end of the each financial year and the amortisation period is revised to reflect the changed pattern, if any.

(n) Impairment of tangible and intangible assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted. If the recoverable amount of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount.

Significant Accounting Policies

An impairment loss is recognised immediately in profit or loss. When an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is recognised immediately in statement of profit and loss.

(o) Inventories

Inventories (including stock-in-transit) are stated at lower of cost or net realizable value. Cost is determined on 'Weighted Average' basis. Due to a large number and diverse nature of inventory items, cost is estimated as near as possible for each stock keeping unit including freight and applicable taxes, etc. Net realizable value represents the estimated selling price less all estimated costs necessary to make the sale. No valuation is done for damaged stock since its realizable value, if any, is negligible.

(p) Provisions and contingencies

Provisions: A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of time value of money is material).
Contingent liabilities: Contingent liabilities are not recognised but are disclosed in notes to accounts.

(q) Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial assets and liabilities are initially recognised at fair value. Transaction costs that are directly attributable to financial assets and liabilities [other than financial assets and liabilities measured at fair value through profit and loss (FVTPL)] are added to or deducted from the fair value of the financial assets or liabilities, as appropriate on initial recognition. Transaction costs directly attributable to acquisition of financial assets or liabilities measured at FVTPL are recognised immediately in the statement of profit and loss.

- a) **Non-derivative Financial assets:** All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace. All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets

Financial assets at amortised cost

A financial asset is measured at amortised cost if both of the following conditions are met:

- 1) the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and
- 2) the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

Effective interest method:

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is that which exactly discounts estimated future cash receipts through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition. Income is recognised on an effective interest basis for debt instruments other than those financial assets. Interest income is recognised in profit or loss and is included in the "Other income" line item.

- b) **Derecognition of financial assets:** A financial asset is derecognised only when the Company:
- has transferred the rights to receive cash flows from the financial asset or
 - retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients. When the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred

Significant Accounting Policies

substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised. Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. When the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

- c) Foreign exchange gains and losses: The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period. For foreign currency denominated financial assets measured at amortised cost and FVTPL, the exchange differences are recognised in statement of profit and loss.
- d) Financial liabilities: All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

Financial liabilities at FVTPL - Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognised in statement of profit and loss. The net gain or loss recognised in statement of profit and loss incorporates any interest paid on the financial liability and is included in the 'Other income/Other expenses' line item.

Financial liabilities subsequently measured at amortised cost
Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Foreign exchange gains and losses

For financial liabilities that are denominated in a foreign currency and are measured at amortised cost at the end of each reporting period, the foreign exchange gains and losses are determined based on the amortised cost of the instruments and are recognised in the statement of profit

and loss. The fair value of financial liabilities denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of the reporting period. For financial liabilities that are measured as at FVTPL, the foreign exchange component forms part of the fair value gains or losses and is recognised in the statement of profit and loss.

Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability.

(r) Segment reporting

Operating segments are reported in the manner consistent with the internal reporting to the Managing director. The Company is reported at an overall level, and hence there are no separate reportable segments as per Ind AS 108.

(s) Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition) and highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

(t) Earnings per share (EPS)

Basic earnings per share are computed using the weighted average number of equity shares outstanding during the period. Diluted EPS is computed by dividing the profit or loss attributable to ordinary equity holders by the weighted average number of equity shares considered for deriving basic EPS and also weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for bonus shares, as appropriate.

(u) Operating Cycle

Based on the nature of products / activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

Significant Accounting Policies

(v) Capital work-in-progress

Capital work in progress includes, cost of assets not yet commissioned, and incidental expenses during the construction period. Certain directly attributable pre-operative expenses during construction period are included under Capital Work in Progress. These expenses are allocated to the cost of Fixed Assets when the same are ready for intended use.

(w) Note on ESOP Trust

The company has created "SSKL Employees Trust" for providing share based payments to its employees. The company uses SSKL Employees Trust as a vehicle for distributing shares to employees under the employee remuneration schemes.

For the said purpose, the ESOP Trust borrowed funds from the Company and paid the same towards acquisition of shares of the Company for allocating the same to the eligible employees.

Own Equity instruments that are acquired (Treasury Shares) are recognised at Cost and deducted from Equity. No gain or loss is recognised in profit and loss on the purchase, sale, issue or

cancellation of the Group's own equity instruments. Any difference between the Carrying amount and the consideration, if reissued / sold is recognised in Other Equity.

As the ESOP Trust carries out activities for the benefit of the employees of the Company, for appropriate presentation of the activity of the ESOP trust in the Standalone Financial Statements of the company, the Company has adopted the accounting policy to consolidate the ESOP Trust in the Standalone Financial Statements by treating the Trust as its extension.

Consequently, in the Standalone Financial Statements of the Company, the loan given to ESOP Trust is eliminated and the equity shares that are allotted to ESOP Trust (Treasury shares) are recognised at cost and disclosed as deduction from Equity.

Further, for the purpose of computation of Weighted Average Number of Equity shares outstanding for calculating Earnings per share, the weighted average number of Treasury shares outstanding are reduced from the number of shares at the end of the year.

Mar 31, 2023	313.08	1,338.14	1,355.47	3,006.69

(iii) Extension and termination options

Extension and termination options are included in a number of property and equipment leases across the company. These are used to maximise operational flexibility in terms of managing the assets used in the company's operations. The majority of termination options held are exercisable only by the company and not by the respective lessor. In case the company wishes to extend the lease, the same can be done on mutually agreeable basis with the lessor.

Critical judgements in determining the lease term

In determining the lease term, management considers all facts and circumstances that create an economic incentive to exercise an extension option, or not exercise a termination option. Extension options (or periods after termination options) are only included in the lease term if the lease is reasonably certain to be extended (or not terminated).

Also the company has used the discounting rate as 10% (the borrowing rate from the banks) for the purpose of arriving at present value.

Notes to Financial Information (All amounts are in INR million, except otherwise stated)

Note No. 36 (Contd..)

For leases of retail stores, the following factors are normally the most relevant

- (a) If any leasehold improvements are expected to have a significant remaining value, the company is typically reasonably certain to extend (or not terminate).
 - (b) Most extension options in retail leases have been included in the lease liability, because the company only has the right to extend the lease (only with the approval of the lessor) and has incurred lease hold improvements in them.
 - (c) The assessment of reasonable certainty is only revised if a significant event or a significant change in circumstances occurs, which affects this assessment, and that is within the control of the lessee.
 - (d) If there are significant penalty payments to terminate (or not extend), the company is typically reasonably certain to extend (or not terminate).
- (iv) The company is operating through 54 showrooms & 4 warehouses spread across the southern part of India and on evaluation of those rental agreements, 38 showrooms & 3 warehouses have come under the purview of Ind AS 116 and impact of the same has been provided in the financials (refer note 5). As per the terms and conditions stipulated in the lease deeds/agreements of the remaining 16 showrooms & 1 warehouse, the termination option is available with both lessor and lessee leading to the same being treated as short term and the impact appears in the rental expenses (refer note 34).

2. The Municipal authorities have levied a penalty amounting to ₹ 4.40 million for violation of the Municipal Act (GHMC Act) by erecting advertisements display for the entire building without the written permission of the competent authority. Against the demand, the company paid an amount of ₹ 0.6 millions. Writ petition was preferred before the Hon'ble High court of Telangana at Hyderabad seeking stay over recovery of balance penalty amount of ₹ 3.8 millions. The Hon'ble High Court vide its order dated January 31, 2022 stayed the proceedings subject to payment of 40% of the balance amount demanded in the challans within a period of 4 weeks. Pursuant to it, the company has paid an amount of ₹ 1.52 million within the stipulated time. The matter is pending before Hon'ble High court and the balance amount is ₹ 2.28 millions.
3. The Company received two notices from Greater Hyderabad Municipal Corporation (GHMC) in the month of June 2022 for two showrooms located in Reddy Brothers Lane, Saroornagar, Hyderabad for using a residential property for non-residential use. The company filed replies to the above notices and the matter is currently pending with GHMC.
4. The company received a notice from Greater Hyderabad Municipal Corporation (GHMC) pursuant to a written complaint by residents alleging noise and traffic nuisance resulting from presence of our stores. The company filed response to such notice by providing clarifications and requesting relief in the matter. Consequently, a petition was preferred before the High Court of Telangana by the complainants to direct GHMC to stop the alleged activity against which an interim injunction was obtained by our company. Thereafter another contempt petition was filed by the complainants against the company and the matter is still pending.

Note No. 37 (Contd..)

- A legal notice dated August 16, 2022 was received by the company and its directors, alleging that the company is playing various sound recordings, copyrights of which vests with Phonographic performance limited without an appropriate copyright license and paying a sum of ₹ 50 Million as damages. The company filed a reply to the above notice stating that the complainant does not have a statutory right to raise the demands given in the notice. Consequently, a commercial suit was filed vide suit no.37964 of 2022 along with an interim application no.37970 of 2022, dated December 5, 2022 before the Hon'ble Bombay High court praying for an order of injunction restraining the company to use the above mentioned intellectual property. Consequently, the company made a statement before the Court that none of the Sound recordings for which the complainant claims to have copyright shall be played in the malls and stores run by the Company which was taken on record by the Court on December 19, 2022. The matter is currently pending before the Court
- The Income Tax Department ("ITD") conducted a "search, survey and seizure operation" pursuant to authorizations issued under Sections 132 and 133A of the Income Tax Act, 1961 at the Registered and Corporate Office of the Company and certain stores and warehouses, across Telangana, Karnataka, Tamil Nadu and Andhra Pradesh beginning from May 2, 2023. During such searches, amongst others, the following were found (i) cash (that was not seized); and (ii) certain documents and hardware copies (that were seized by the authorized officers of the ITD). Similar searches were also conducted on the residence of the Promoters, Nagakanaka Durga Prasad Chalavadi and Jhansi Rani Chalavadi, other Whole-time Directors of the Company, Kalyan Srinivas Annam and Doodeswara Kanaka Durgarao Chalavadi, Chief Financial Officer of the Company, Konduri Venkata Lakshmi Narasimha Sarma and certain other Key Managerial Personnel.

During the searches at their residences, amongst others, following were found (i) cash (that was not seized); (ii) jewellery and other precious metals (that were not seized); (iii) inventory of bank accounts and lockers in relation to the Promoters (that were not seized); and (iv) various documents (that were seized by the authorized officers of the ITD).

During this process, ITD also issued notices of summons, under Section 131 of the Income Tax Act, 1961, to the Promoters, other Whole-time Directors and some of the Key Managerial Personnel, to produce books of accounts and other relevant information and documents, which were duly provided. However, proceedings under search, survey and seizure operations are yet to be concluded, during which the Company, Promoters, Directors and Key Managerial Personnel may be required to share other additional documents or information as may be asked by the ITD from time to time. There are currently no tax demands levied consequent to such operations.

Capital and Financial risk management objectives and policies

(a) Risk management framework

Company is being driven by the market forces, its businesses are subject to several risks and uncertainties including financial risks. The Company's documented risk management policies act as an effective tool in mitigating the various financial risks to which the business is exposed to, in the course of their daily operations.

The risk management policies cover areas around all identified business risks including commodity price risk, foreign exchange risk etc., Risks are identified through a formal risk management programme with active involvement of senior management personnel and business managers. The Company has in place risk management processes in line with the Company's policy. Each significant risk has an owner, who coordinates the risk management process.

The risk management framework aims to:

- Better understand our risk profile;
- Understand and better manage the uncertainties which impact our performance;
- Contribute to safeguarding Company value and interest of various stakeholders;
- Ensure that sound business opportunities are identified and pursued without exposing the business to an unacceptable level of risk;
- Improve compliance with good corporate governance guidelines and practices as well as laws & regulations; and
- Improve financial returns

Note No. 46 (Contd..)

Treasury management

The Company's treasury function provides services to the business, co-ordinates access to domestic and international financial markets, monitors and manages the financial risks relating to the operations of the Company through internal risk reports which analyse exposures by degree and magnitude of risks. These risks include market risk (including currency risk, fair value interest rate risk and price risk), credit risk, liquidity risk and cash flow interest rate risk. Treasury management focuses on capital protection, liquidity maintenance and yield maximization. The treasury operates as per the delegation of authority from the Board. Day-to-day treasury operations are managed by Company's finance team. Long-term fund raising including strategic treasury initiatives are handled by a Treasury team. The Company has a strong system of internal control which enables effective monitoring of adherence to Company's policies.

Financial risk

The Company's Board approved financial risk policies comprise liquidity, currency, interest rate and counterparty risk. The Company does not engage in speculative treasury activity but seeks to manage risk and optimize interest through proven financial instruments.

(i) Liquidity

The Company requires funds both for short-term operational needs as well as for long-term investment programmes mainly in growth projects. The Company generates sufficient cash flows from the current operations which together with the available cash and cash equivalents and short-term investments provide liquidity both in the short-term as well as in the long-term.

The Company has been rated by "India Ratings" for its banking facilities in line norms.

The Company remains committed to maintaining a healthy liquidity, gearing ratio, deleveraging and strengthening balance sheet. The maturity profile of the Company's financial liabilities based on the remaining period from the date of balance sheet to the contractual maturity date is given in the table below. The figures reflect the contractual undiscounted cash obligation of the Company.

The Company has hypothecated its trade receivables, inventory, advances and other current assets in order to fulfil the collateral requirements for the financial facilities in place. There are no other significant terms and conditions associated with the use of collateral.

Maturity profile of financial liabilities

The table below provides the details regarding the remaining contractual maturities of financial liabilities at the reporting date

(ii) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the other payables. The risks primarily relate to fluctuations in US Dollar, GBP against the functional currencies of the Company. The Company's exposure to foreign currency changes for all other currencies is not material. The Company evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risks.

Notes to Financial Information (All amounts are in INR million, except otherwise stated)

Note No. 46 (Contd..)

(iii) Credit risk

Credit risk is the risk that the counter party will not meet its obligation under a financial instrument, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks, foreign exchange transactions and other financial instruments. The carrying amount of trade receivables, advances, deposits, cash and bank balances, bank deposits and interest receivable on deposits represents company's maximum exposure to the credit risk. Credit risk from balances with banks is managed by the Company's treasury department in accordance with Company's policy. No other financial asset carry a significant exposure with respect to the credit risk. Bank deposits and cash balances are placed with reputable banks and deposits are with reputable government, public bodies and others.. Since company operates on business model of primarily cash and carry, credit risk from receivable perspective is insignificant.

(b) Capital management and Gearing Ratio

For the purpose of the Company's capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders. The primary objective of the company's capital management is to maximise the shareholder value. The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. The Company monitors capital using a gearing ratio, which is debt divided by total capital. The Company includes within debt, interest bearing loans and borrowings.

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

- (i) The Company has disclosed financial instruments such as borrowings, trade payable, and other current liabilities, loans, trade receivable, cash and cash equivalents and bank balances other than cash and cash equivalents at carrying value because their carrying values are a reasonable approximation of the fair values due to their short term nature.
- (ii) Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counter party.

(iii) Fair value hierarchy

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: Quoted (unadjusted) prices in active markets for identical assets or liabilities

Level 2: Other techniques for which all inputs that have a significant effect on the recorded fair value are observable, either directly or indirectly

Level 3: Techniques that use inputs that have a significant effect on the recorded fair value that are not based on observable market data.
